

Alexander Wilson

Full Stack Web Developer && Front-End Web Designer

alexwilson0017@gmail.com

(704) 322-9178

Charlotte, NC

WHAT I'M MADE OF

- JavaScript (Front & Back)
- MySQL & Sequelize
- Web APIs & Server-Side APIs
- Object Relational Mapping
- Regex (Regular Expressions)
- Local Storage
- MongoDB
- 3rd Party Frameworks *incl.* jQuery & Bootstrap
- CSS & HTML
- Express.js
- Jest
- Node.js
- Wordpress
- Liquid.js
- Mongoose

ABOUT ME

There's beauty and awesomeness in everything around us, online and reality. I'm always thinking of ways to make things cooler in both realms. Outside of work, my time is spent with my son and wife, of whom is an entrepreneur who runs a site that I assist with. (A shopify site), thus I know enough Liquid.js to get by with editing code. I'm always building sites for fun to build upon my skills.
